Experience

· UX Design Intern at Microsoft, Hyderabad May 2018 - July 2018 The work involved creating more engaging and insightful visualization by geospatial and circular bar charts for the information workers when they are visualizing data in 3D and Mixed Reality.

• UI/UX Design Intern at The Minimalists, Mumbai May 2017 - July 2017 Contributed in redesigning Cogoport's(client) website for the buyer side to enable a simpler, smoother and seamless freight booking experience. Work involved understanding Key Concepts, User Research, Brainstorming, making Information Architecture, Personas, User Flows, Task flows and Wireframes.

Creative Head of Alcheringa, IITG

Mar 2017 - Feb 2018

As a designer of India's second largest cultural festival, Alcheringa, my work involved leading a team of designers for the design of the visual content such as posters, logo, videos, gifs, etc., branding of the fest through banners, photography, videography etc and designing for the Alcheringa website.

Projects

- · Content creation platform for creating training modules Aug 2018 - Ongoing The project's objective is to enable stakeholder, for instance doctors to create training module for the health workers without depending on aid from external tech assistance.
- Smart Track, an attention management system to enhance productivity July 2018 The solution helps in tracking attention, primarily of an office employee while using a device, analyzes it and recommends ways to optimize his/her attention to achieve goals.
- · Bloom, Creating ethos for a young heritage Jan 2018 - April 2018 The project aims at designing an E-Commerce Platform to promote Indian Handloom Industry, through a system thinking approach and advocates an intervention marked by the active involvement of designers, to align this traditional art with current fashion trends.
- Cubikey, a tangible user interface to facilitate color learning Feb 2018 - April 2018 The solution provides a fun, appealing and viable device for learning about colors and simultaneously helping in better hand-eye coordination for cerebral palsy kids.
- Carrer-X, Board game design for career guidance Jan 2018 - April 2018 The game targeting school kids, attempts to mirror different career option and the skill set, the subject knowledge required to achieve a certain profession.
- · Alcheringa 2018 Website Design Oct 2017 - Nov 2017 The project aimed at designing the website of Alcheringa, IITG which reflected the theme "Echoes of Innocence".
- · ElGuido, Solution to healthy aging for elder people Aug 2017 The targeted solution aims to enhance well being in aging population by providing them with a platform to share their knowledge with the younger minds.

Skills

• Design Skills: Design Thinking, Wireframing, Concept generation, Information Architecture, Persona Creation, Scenario Building, Illustrations, User stories, Task Flow, Visual Design, Contextual Inquiry, Ethnographic Studies, Focus Group, Usability Testing, Data visualization

- **Software Skills:** Adobe creative suite (Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro, Adobe After Effects, Adobe XD), Cinema 4D, Balsamiq Mockups, XMind
- Programming Skills: Java, C, HTML

Key courses taken

- Design Methods
- · System approach to Design
- Environment and Experiential Design
- Design Analysis
- Usability Engineering
- Tangible Interfaces

Positions of Responsibility

- Creative Head of Alcheringa'18 (The biggest Cultural Festival of North-East India)
- Core Team member of Team Creatives, Alcheringa'17
- City representative, Patna for Technothlon'16 IIT Guwahati's International School Championship

Achievements

- **UX World Championship 2018 :** Top 5 finalist in the International competition organised by World Usability Congress.
- OzCHI Student Design Challenge 2018: Received SDC chairs Commendations
- **CBSE 2015:** 0.1 percentile merit certificate in Mathematics

Extracurriculars

• Lawn Tennis, Photography and Videography
